2016/2017 Practice Schedule

Practice will start on Nov. 14th for all wrestlers in 3rd Grade and older as well as for those 1st or 2nd Graders with at least 1 year's HYW experience. These athletes will practice twice a week, typically on Monday and Tuesday except where there is a facilities conflict or a conflict with our Coaches' wrestling schedule.

Practice will start on Dec. 5th for all athletes Kindergarten or younger and 1st or 2nd Graders without prior HYW experience. For approximately the first month and a half, these athletes will practice only 1 time per week and the group will be evenly divided by age and weight (for example: Group A on Monday night, Group B on Tuesday night). This will enable us to ensure these athletes have suitable practice partners and also receive more direct one on one attention and instruction. We believe this is critical to their development at this age, and prevents burnout for our youngest wrestlers and parents!
