

Freedom Families-

Some exciting things are happening in the art room this year. We are in the process of creating centers around our room to learn about the various types of art media. Some of our most popular centers are soon to open: Sculpture and Fiber arts! If we can get some help to keep our centers well stocked with recycled items throughout the year that would be so helpful! Some things we are looking for include:

Sculpture:

- Cereal boxes (any type of box with thinner cardboard like this will work)
- Plastic containers of all sizes and shapes (yogurt, sour cream, fruit cups, etc.)
- Plastic Bottles (please avoid milk jugs as these tend to smell)
- Plastic containers (medicine)
- Caps (milk, pop, etc.)
- Popsicle sticks
- Toilet paper and paper towel rolls
- Small parts left over from toys or electronic things no longer being used
- Hot glue sticks
- Tin foil
- Rubber Bands
- Foam or mat board
- Magazines
- Wall paper remnants

Fiber Arts:

- Fabric remnants
- Yarn or thread
- Stuffing for sewing
- Buttons
- Pony Beads
- Cotton Balls
- Scrapbook paper
- Burlap
- Old wooden looms
- Ribbon
- Feathers
- Googly Eyes
- Pipe Cleaners

Please consider saving some of these items to donate to the art room! We will have a drop off area next to the lost in found in the front entrance. Please make sure all items are well washed. If you are donating looser parts or items, having them bagged in plastic baggies also helps to keep us organized. We would also like to avoid collecting glass or metal cans and jars because they tend to be more dangerous with sharp edges or are easily broken.

Thank you so much for your time and generosity in contributing to our art room!

Mrs. Petersen
