The South Dakota Immunization Information System (SDIIS) is an automated system to document vaccinations given in South Dakota. SDIIS will give parents access to their child's immunization record from any participating South Dakota provider. SDIIS also allows providers to send reminder notices regarding needed immunizations. Health care providers, health care facilities, federal or state agencies, welfare agencies, school or family day care facilities may have access to this information in accordance with applicable HIPAA Privacy Act standards and requirements*. Immunization records remain confidential, and any person who fails to protect the information is guilty of a Class 1 misdemeanor. If you choose NOT to have you/your child's immunization record shared with other providers, you may request a refusal form.
