

CAMP SYDNEY

A Grief Camp for Youth
and their Families
June 16-17, 2018
BroomTree, Irene SD

Why a youth and adult Grief weekend camp...

- This 2 day camp for youth (7-17) and parent (s) will include discussion, fun activities and support .
- Parents are instrumental in helping their children grieve, but how do the parents do that when they are grieving themselves?
- It is vital for you to be present, so that we can help guide you and them through this process.

Parents for more
information or questions

- Catholic Family Services is designed to be an educational and experiential program for coping with the death of someone loved.
- There is no time limit to grieving, so whether it's been 2 months or 10 years since the loss of a loved one, all are welcome to join in learning how to adjust and cope with the loss.
