Brad Hartzler, Asst. Principal Extension 5104 bradley.hartzler@k12.sd.us

6th Grade Registration

Scheduling has begun for the 2016/17 school year. Your 6th grade learner will have four required core classes: math, science, social studies, and ELA (English Language Arts). In addition, 6th grade learners will take a computer class that will alternate, every other day, with a physical education class. Learners will also participate in our Encore classes, which include the following: Music, Art, Tech Ed (technology modules), Spanish, and FACS (family and consumer science) and Idea Foundry(entrepreneurship). Encore classes provide exposure in areas of vocational and academic interest and are intended to build foundational knowledge that will be developed during your learner's academic career. Each Encore rotation will last approximately six weeks.

Students will also have the option of taking a Directed Studies or band and/or chorus. Directed Studies is a class that provides students with time and support to complete their class work. Band and chorus will alternate days. (Please note: if your student elects to take band and/or chorus, it is a semester-long commitment.)

If you have questions, please contact Mr. Hartzler or Mr. Ellwein (contact information listed above).

Please indicate your choice below, sign and return to your classroom teacher by **Tuesday, April 24, 2018:**

- Band and Choir (No directed studies)
 - Band only
 - Choir only
 - Directed Studies only (No band or choir)
